

We want to provide a quick update about McLeod Alliance services during this time. **McLeod Alliance remains open as an essential service**, but we have implemented health and safety precautions in office. In accordance with the recommended health and safety precautions related to the management of COVID-19, **we are continuing to limit in-person contact in our offices unless emergency intervention is needed.** Advocates are available to provide support and assistance by phone, email, or video. While our offices remain open, **we will request phone contact to complete a brief safety screening related to COVID-19 before any in-person contact. Please call our office before you come in when at all possible and we will determine how we can safely assist you.** For more information on our COVID-19 response, please visit our website at www.mcleodalliance.org.

Advocates will be available in office Monday through Thursday during normal office hours from 8:00 AM until 4:30 PM. Advocates will now be working remotely on Fridays through the remainder of the Stay at Home order, projected end date 05/18/2020. **Advocates will still be available to provide support and assistance via phone while working remotely!**

We want to again remind everyone that we are here to help by phone, and would encourage anyone in need of support or assistance to call our 24-hour crisis line at **320-234-7933 or 1-800-934-0851.**

Stay safe, stay healthy, and remember to take care of yourselves.

We will continue to post updates as there are changes.
